

MIGRATION SE PRO

When Engineering and Design meet

INTRODUCING MIGRATIONSE PRO

CORE CONCEPT

Tailored Expression

Enabling choice and freedom
in aesthetics

Silent and Powerful

Uncompromised Steelcase
performance

SILENT AND POWERFUL

Polished User Experience

Migration SE Pro is designed mindfully to combine high performance engineering and design essentials. With fully reliable components, Migration SE Pro aims to deliver better movement for users, with more comfort and ease of use, while uncompromising design aesthetics.

Reduced sound emission

Gyroscopic sensor

Sturdier performance

SILENT AND POWERFUL

Cable Management

Migration SE Pro is a comprehensive kit of parts platform designed to provide high performance engineering while maintaining adaptable designs. Our cable management options provide businesses with flexibility and choice to find the perfect solution for their needs.

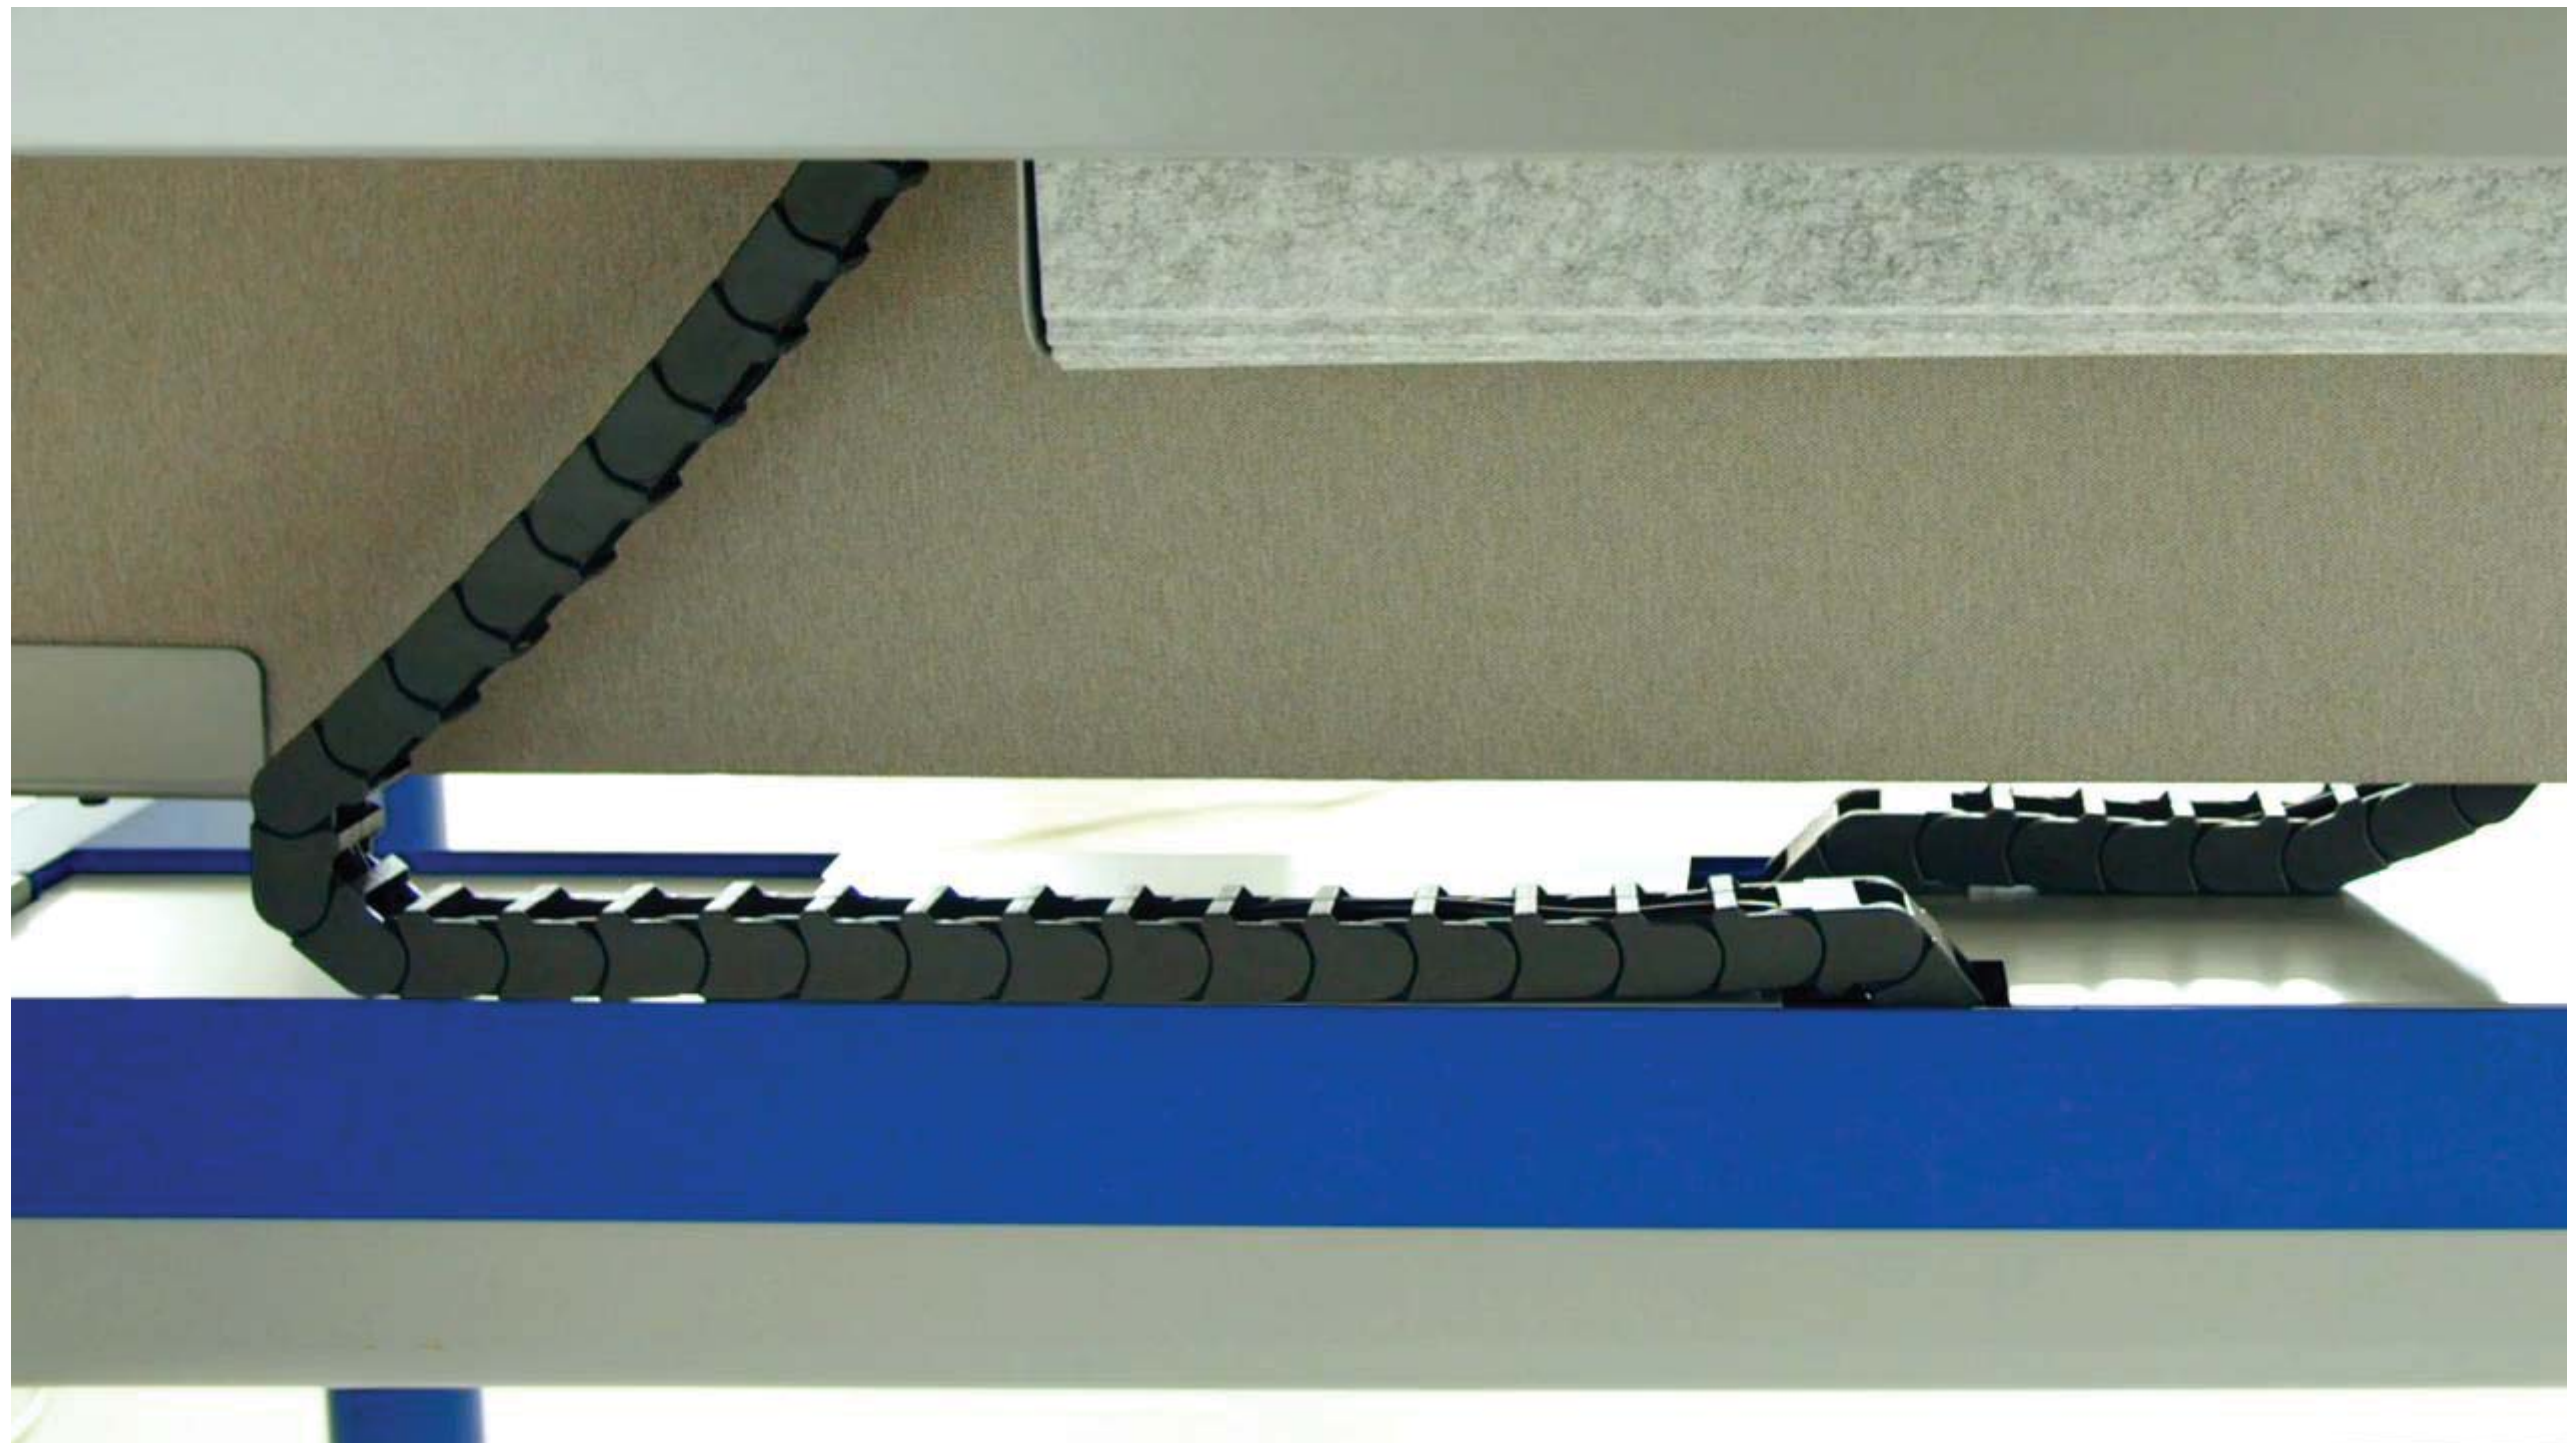

Designed for people

Cable riser orientation

Variable wire capacity

TAILORED EXPRESSION

Approachable Design

As one of the basic shapes in geometry, circle or round shape represents completion, wholeness and harmony. With no sharp edges and difficult angles, rounded elements are known to give a more approachable and welcoming look and feel.

**New faceplate and
cantilever design**

Round leg columns

Dual color finish

TAILORED EXPRESSION

Adaptable Aesthetics

Aiming for a wide variety of interchangeable components, we explored concepts that can blend within its surrounding from a look and feel that is industrial, artsy, corporate or however way organizations would like to express its identity.

Interchangeable columns

Expanded color palette

PET materiality options

ADAPTABLE APPLICATION

Whether it is workstations for team resident zones, personal focus spaces, or flexible agile environments, Migration SE Pro melds perfectly with its surroundings, enabling businesses to bring wellbeing to all spaces in the workplace.

ADAPTABLE APPLICATION

Integration of Migration SE Pro free standing desk with the Diversal beam system brings height adjustable well being into flexible agile work environments. Flex markerboard solutions positioned next to team spaces allows sharing of information.

ADAPTABLE APPLICATION

Combining the mobility of the Microsoft Roam and Flex Cart, Migration SE Pro transforms into a team break out space. Used with Orangebox Air3 pod, Migration SE Pro can provide users a personal focus work environment with great privacy.

QUALITY YOU CAN TRUST

Migration SE Pro Columns were tested beyond BIFMA standard and passed all the local electrical safety testing.

Instead of 4000 BIFMA cyclic test, Migration SE Pro is tested up to **20,000** cycles cyclic test with BIFMA loading at 90 pounds.

Confident in the quality we deliver to our clients, Steelcase offers 12 years warranty on Migration SE Pro. With no exceptions.
